

You like to think out of the box?

**Then our Interdisciplinary Master Programme
in**

EUROPEAN UNION STUDIES **is just right for you!**

Become a comprehensively trained EU-Expert! Gain profound theoretical and practical knowledge of European institutions, policies, decision making procedures, economics and law in a unique Master Programme. Qualifications, which are increasingly relevant in today's labour market, as European decision-making is highly influential.

Emphasizing an interdisciplinary approach, the programme combines courses in multiple scientific fields. In study trips and specialized seminars you get direct insights and intensive experience of EU-institutions and meet experts and practitioners. You will put your knowledge into practice in simulations and moot courts, taking over the roles of relevant actors in the EU and engage in negotiating current issues together with your colleagues- supervised by teams of teachers from different fields as well as experts from outside the University.

Being English-taught, the programme furthermore allows for an international educational environment and enhances your international qualifications and language competences. That focus is additionally deepened by attractive opportunities for studying abroad, including the chance to acquire a Double Degree at one of our partner Universities in Rome or Olomouc.

Student's voices

„At the end of this programme -at the latest- you will know for sure: there can never be too many EU-Experts! And at the SCEUS you will become one.“
Carsten

„It is a great atmosphere at the SCEUS! The professors are very nice and really care about the students. Especially the interdisciplinary approach is very unique and will also be helpful for the professional future after the Master programme.“
Kristina

„The study programme was just the perfect choice for me. I liked (almost) all of it but especially the Interdisciplinary Case Studies and their connection to real world political topics and their practical approach on learning!“
Sebastian

„I really enjoyed studying at the SCEUS! I especially liked the "behind-the-scenes" feeling during the Brussels excursion. Great experience!“
Aniela

„It was very interesting to meet people with different backgrounds from all over the world and discuss topics of international relevance. We were able to learn from each other and widen our scope!“
Tarik

„Universität Salzburg is the place where the European experience really starts!“
