

Dear Students,

When registering as a student with the University of Salzburg and processing with generating your PLUOnline account, all of you are going to be asked to complete a survey by **Statistik Austria** called **UHStat1**.

This survey is mandatory for all students in Austria, even for Erasmus/exchange students! As long you haven't completed the survey, you are going to receive the request every time you log-in to your PLUOnline account!

Completing the survey students are asked to include their Austrian Social Insurance Number. As Erasmus/exchange students (normally) are NOT Austrian citizens, you don't have an Austrian Social Insurance Number. → **Therefore**: International students have received some alternative number called **"Ersatzkennzeichen"** in German.

You find this number **in your PLUOnline account** as follows:

1. Auf der Visitenkarte auf **Studienbestätigung** klicken / **PRESS Registration Documents**
2. Wähle Druckansicht um ein **Studienblatt** als PDF zu generieren / **PRINT PREVIEW** to get generated a **record of studies** (as PDF)
3. **Ersatzkennzeichen** steht dann dort bei Sozialversicherungsnummer/ **CHECK the space for Social insurance: here you should find the alternative number**
