

We are looking for a MSc student to perform their thesis research within our project:

“Microbial diversity in aquatic microecosystems along an urban gradient”

Requirements:

- enrolled as a MSc student in biology, ecology or limnology (preferably at University of Salzburg or University of Innsbruck, but not exclusively);
- interest in microbial communities, field sampling in Salzburg (summer 2022), molecular methods, statistical analysis and bioinformatics.

For any questions and information contact:

Dunja Lukić, e-mail: [**Dunja.Lukic@uibk.ac.at**](mailto:Dunja.Lukic@uibk.ac.at)
