

Dear Students,
Dear Research Fellows,

The International Relations Department team wishes you a good start to the new semester at Paris Lodron University of Salzburg.

Have you ever dreamed of spending a part of your studies or research abroad?

If so, there are many university cooperation agreements in place. The goal behind spending one or more semesters abroad is to acquire international experience and intercultural competence in addition to gaining professional qualifications.

Not only will the experience abroad enrich your life but it will also improve your chances of finding the job of your dreams and working with people from different backgrounds. In addition, you will be able to learn other languages, which play an increasingly important role today.

The University of Salzburg offers [various scholarships](#) to study abroad and the International Relations Department will gladly provide you with all the necessary information on its many [university partnerships](#), exemption from tuition fees, financing options, and the organization of your semester abroad as part of your studies.

Further information on the different scholarships and how to apply can be found using the following [LINK](#).

I am looking forward to hearing from you.

Best regards,
Elona
