☐ Bank transfer (EU)    ☐ Credit card (outside EU only)    ☐ Cash in Tiers (backup)

## 40th WINTER SCHOOL ON PROTEASES AND INHIBITORS 2023 - GDPR

Due to the **General Data Protection Regulation**, effective in the EU since May 2018, we are required to ask for your consent regarding the use and storage of your personal data as specified below. Please tick the box if we can use and store your data as we have done in the past.

### Declaration of consent

I have registered for the *Winterschool on Proteases and their inhibitors 2023*.

For this purpose, I have provided personal data as follows: **Name, address, photo**

These data will be used and stored for the following purposes:

- i. Registration for accommodation. For this, the data will be forwarded to the relevant hotels.
- ii. Registration with online event & conference app provider.
- iii. Production of printed and digital media in connection with the Winterschool - especially the production of the Winterschool-Program and the conduct of the various events, e.g. outings and (prize) presentations.
- iv. Reports about the Winterschool in printed and digital media. This includes newspapers and websites, as well as social media channels of the University of Salzburg and expert associations such as the International Proteolysis Society (IPS), e.g. IPS Quick Cuts.
- v. Offer of proteolysis-relevant information, e.g., conference announcements or job postings.

I agree that my personal data will be recorded and stored only by the Department of Biosciences and Medical Biology at the PLUS for the purposes stated above. The Department may forward these data to third parties if necessary for the specified purposes.

I would like to receive protease-relevant infos per email after the Winterschool

This consent can be revoked by sending an email to [tiers@plus.ac.at](mailto:tiers@plus.ac.at) anytime.

The revocation does not affect the legality of the processing up to that point.

Upon request, my data must be deleted unless the law requires us to keep it.

*To enable and foster the unrestrained presentation and discussion of new results and ongoing research, every Winter School attendee must respect that all contents presented and discussed at the Winter School are private communications, not allowed for public use. Consequently, recording of lectures or photographing/copying of presentations or individual slides is prohibited.*
