www.unil.ch/international/incoming

Important notes:
 Spots are based on the number of semesters available. Indicated spots are always the maximum; for any area where the partner university offers fewer spots, UNIL will align and also offer fewer incoming spots to ensure that the same number of semesters in/out are exchanged.
 Course selections have to be confirmed by the respective department, based on the student's academic background and course availability in order to confirm selection.
 Upon nomination by their home university, students will be given a link for their online application and will be informed about the application procedure by email.

Housing in Lausanne is under pressure. Students have to organize accommodation by themselves early enough.

French B2 at least recommended unless otherwise specified in a given programme. If taught in English min of B2 is recommended likewise.
