

Guideline to complete your study programme Copernicus Master in Digital Earth

Status: October 2023

Point 1: Registration of the master thesis

The master thesis **must be registered in "PAAV" at the beginning of the thesis.**

Topic and Supervisor must be approved by the dean first!

The registration in the online database "PAAV" is done via the PLUSonline business card. You need a valid user account for this. After entering the preliminary topic (working title) and selecting the supervisor, the student must approve the entry for the supervisor, so that the supervisor can confirm the work project in "PAAV".

The approval of the head of department and the dean is obtained by the examination office!
