

## Conferences & Talks

### Talks

- 20th Meeting of Austrian Botanists, 09/2022, Salzburg, Austria  
*'Conservation project: Protection of red list species of lichens in endangered habitats in Upper Austria (part II)'*
- International Association for Lichenology 9th Symposium, 08/2021, Brazil (virtual)  
*'Lichen-associated bacterial communities are influenced by environmental conditions along an elevational gradient (Hohe Tauern, Salzburg, Austria) as well as by the myco- and photobionts'*
- Rascafria-Workshop 2019, 06/2019, Madrid, Spain  
*'Lecideoid lichens in southern Polar regions'*
- Symposium: Ecology, Geomorphology, Statistics; Multidiversity in environmental succession – interdisciplinary views on emergences of ecological complexity, 03/2019, Salzburg, Austria  
*'LTLDE – Long term lichen diversity experiment'*
- 9<sup>th</sup> Congress of the International Symbiosis Society, 07/2018, Corvallis, OR, US  
*'Climate niche expansion due to generalization in species associations in lichens'*
- University of Graz, Institute of Plant Sciences, Prof. Helmut Mayrhofer, 06/2018  
*'Life in extreme environments – Lichens in Southern Polar regions'*
- Biologiezentrum Linz, 04/2018  
*'Arten- und Biotopschutz für besonders seltene und gefährdete Flechtenstandorte in Oberösterreich'*
- Europe's cryptogams in a changing world – 50 years of research and protection of bryophytes and lichens in Central Europe, 04/2018, Frankfurt, Germany  
*'Protection of red list species of lichens in endangered habitats in Upper Austria'*
- Heinrich Heine Universität Düsseldorf, Institute of Botanik - Symbiotische Interaktionen, Prof. Dr. Sieglinde Ott, 11/2017  
*'Live in extreme environments – Lichens in Antarctica and Tierra del Fuego'*
- Lichen Genomics Workshop II, 11/2017, Graz, Austria  
*'Climate niche expansion due to generalization in species associations in lichens'*
- XII<sup>th</sup> SCAR Biology Symposium 07/2017, Leuven, Belgium  
*'Diversity, ecology and specificity in Antarctic lichens'*
- Meeting of the *Trebouxia*-working group, 09/2016, Trieste, Italy  
*'Biodiversity and distribution in Austral *Trebouxia* taxa focused on Patagonia and Antarctica'*

- Treffen der Österreichischen Botanikerinnen und Botaniker 09/2016, Vienna, Austria  
*'Arten-und Biotopschutz für besonders seltene und gefährdete Flechtenstandorte in Oberösterreich' ('Conservation project: Protection of red list species of lichens in endangered habitats in Upper Austria')*
- International Conference on Mycology & Mushrooms, 09/2016, San Antonio, Texas, USA  
*'Asymmetric specialization in Myco- and Photobionts in lichen communities from Southern Patagonia'*
- (Keynote presentation) International Conference on Mycology & Mushrooms, 09/2016, San Antonio, Texas, USA  
*'Diversity, ecology and specificity in Antarctic lichens'*
- The 8th IAL Symposium - Lichens in deep time, 08/2016, Helsinki, Finland  
*'Asymmetric specialization in Myco- and Photobionts in lichen communities from Southern Patagonia'*
- Guadarrama-Workshop 2016, 06/2016, Rascafría, Spain  
*'Southern Patagonian lecideoid lichen study, results & progress'*
- First Central European Polar Meeting, 11/2015, Vienna, Austria  
*'Diversity, climate related distribution and species specificity of Antarctic lecideoid lichens'*
- 8th Congress of the International Symbiosis Society, 07/2015, Lisbon, Portugal  
*'Diversity, climate related distribution and species specificity of Antarctic lecideoid lichens'*
- Guadarrama-Workshop 2015, New technological developments in plant ecophysiology and first results of recent Antarctic and Subantarctic expeditions, 06/2015, Rascafría, Spain  
*'Saxicolous lecideoid lichens of Tierra del Fuego and southern Patagonia'*
- The Second International Conference «Lichenology in Russia: current problems and future prospects», 11/2015, St. Petersburg, Russia  
*'Diversity and richness of myco- and photobionts in Antarctic lecideoid lichens'*
- 2<sup>nd</sup> International Workshop on Biological Soil Crusts: Biological Soil Crusts in a Changing World (Biocrust 2013), 6/2013, Madrid, Spain  
*'Genetic diversity of Trebouxia sp. in the soil crust forming lichen Psora decipiens'*
- 25th International Congress on Polar Research "Changing Polar Regions" 3/2013, Hamburg/Germany  
*'Diversity and richness of myco- and photobionts in Antarctic lecideoid lichens'*
- The 7<sup>th</sup> IAL Symposium, 2012, Bangkok/ Thailand  
*'Photobiont diversity and richness in lecideoid Antarctic lichens from an ecological point of view'*

- Botanische Abendvorträge, 2010, University of Salzburg/Austria  
*'Das verborgene Leben der lecideoiden Krustenflechten in den Kältewüsten der kontinentalen Antarktis'*
- The 6<sup>th</sup> IAL Symposium and Annual ABLs Meeting, 2008, Asilomar/USA,  
*'Diversity of crustose lichens in Continental Antarctica I: Morphological and molecular studies on the genus Lecidea (Lecideaceae, Ascomycota) from Ross Sea region'*
- Botanische Abendvorträge, 2008, University of Salzburg/Austria  
*'Maritime vs. kontinentale Antarktis'*

## Posters

- XIII SCAR Biology Symposium 08/2023, Christchurch, New Zealand  
*'Macroclimatic conditions as main drivers for symbiotic association patterns in lecideoid lichens along the Transantarctic Mountains, Ross Sea region, Antarctica'*
- 20th Meeting of Austrian Botanists, 09/2022, Salzburg, Austria  
*'LTLDE: Long Term Lichen Diversity Experiment Myco-, photobiont and microbiome associations'*
- 20th Meeting of Austrian Botanists, 09/2022, Salzburg, Austria  
*'Lichen diversity in the Glacier Forefield of Ödenwinkelkees (Hohe Tauern, Austria)'*
- 2nd Symposium „Bryophytes and Lichens“ of the Bryologisch-lichenologische Arbeitsgemeinschaft Mitteleuropas (BLAM) e. V., 07/2022, Graz, Austria  
*'LIVE: Holobiont diversity of lichens along climatic gradients'*
- Third lichen photobiont symposium - 09/2021, Czech Republic  
*'Locally differentiated lineages of Trebouxia in the southern Polar regions'*
- The 9th IAL Symposium - Unlocking the Inner Lichen, virtual – 08/2021  
*'How do symbiotic associations in lichens respond to the varying climate conditions in the southernmost areas of Antarctica?'*
- The 9th IAL Symposium - Unlocking the Inner Lichen, virtual – 08/2021  
*'Diversity and taxonomy of crustose lichens in Sary Chelek, Kyrgyzstan'*
- SCAR 2020 online – 08/2020  
*'Myco- and photobiont associations in crustose lichens in the McMurdo Dry Valleys (Antarctica) reveal high differentiation along an elevational gradient'*
- The 8th IAL Symposium - Lichens in deep time, 08/2016, Helsinki, Finland  
*'Conservation project: Protection of red list species of lichens in endangered habitats in Upper Austria'*

- 17. Treffen der Österreichischen Botanikerinnen und Botaniker, Wien (Austria)  
*'Pilz-Algen-Bakterien Interaktionen in steinbewohnenden Krustenflechten als sensible Bioindikatoren im Zeichen des Klimawandels'*
- 17. Treffen der Österreichischen Botanikerinnen und Botaniker, Wien (Austria)  
*'Climate zones of Antarctica for analyzing the environmental specification of lecideoid lichens'*
- The 8th IAL Symposium - Lichens in deep time, 08/2016, Helsinki, Finland  
*'High photobiont diversity in the common European soil crust lichen *Psora decipiens*'*
- The 8th IAL Symposium - Lichens in deep time, 08/2016, Helsinki, Finland  
*'Species composition comparisons at climatically distinct areas in Antarctica reveal correlation of photobiont choice and ecological amplitude of lichens'*
- The 8th IAL Symposium - Lichens in deep time, 08/2016, Helsinki, Finland  
*'Diversity, distribution and species specificity in Antarctic lecideoid lichens correlated to newly generated climate zones'*
- First Central European Polar Meeting, 11/2015, Vienna, Austria  
*'Climate zones of Antarctica for analyzing the environmental specification of lecideoid lichens'*
- The Second International Conference «Lichenology in Russia: current problems and future prospects», 11/2015, St. Petersburg, Russia  
*'High photobiont diversity in the common European soil crust lichen *Psora decipiens*'*
- The 7<sup>th</sup> IAL Symposium, 2012, Bangkok/ Thailand  
*'Cryptic Diversity of Lecideoid Lichen Species (Lecanoraceae & Lecideaceae) in Continental Antarctica (Ross Sea Region)'*
- Österreichische Botanikertagung 10/2010, Dornbirn/Austria  
*'Molecular phylogenetic and taxonomic studies of lecideoid lichens in continental Antarctica (Ross Sea Region)'*
- 24. Internationale Polartagung 08/2010, Obergurgel, Austria  
*'Molecular data reveal unexpected diversity of lecideoid lichen species (Lecanoraceae & Lecideaceae, Ascomycota) species in continental Antarctica (Ross Sea Region) corroborated by previously overlooked morphological characters'*
- 19<sup>th</sup> International Symposium "Biodiversity and Evolutionary Biology" of the German Botanical Society (DGB) 2010, Vienna, Austria  
*'Molecular data reveal unexpected diversity of lecideoid lichen species (Lecanoraceae & Lecideaceae, Ascomycota) species in continental Antarctica (Ross Sea Region) corroborated by previously overlooked morphological characters'*
- 3tes Polarsymposium 03/2009, Vienna, Austria  
*'Kontinentale Antarktis – Leben Im Extremen I: Leben Und Forschen Im ,Field Camp'*  
*'Kontinentale Antarktis – Leben Im Extremen II: Flechten in der Kältewüste'*

- Systematics 04/2008, Göttingen, Germany  
*'Diversity of crustose lichens in continental Antarctica: Morphological and molecular studies on the genus Lecidea (Lecideaceae, Ascomycota) from Ross Sea region'*
