INTERNSHIPS IN BRUSSELS

Besides the EU traineeships, there are various other ways to intern in Brussels. This list is, of course, non-exhaustive. We encourage you to search for representations of the region or country you come from, as well as for representations of companies that work in a policy field of interest to you. However, here are some ideas:

- Internships at the Offices of MEPs
- [Internship at the Liaison Office of Salzburg to the EU in Brussels](#) (for German speakers)
- [Austrian Mission to NATO](#)
- [NATO Internship Programme](#)

INTERNSHIPS IN SALZBURG

Here are some ideas for internships in Salzburg. Another good approach in the past has been to search for consulates of, or companies from, your home country in Salzburg and apply there.

- [Institut der Regionen](#) (it is possible to complete the internship in English, even though the website is in German)
- [Europe Direct Salzburg](#)²
- [Salzburg Global](#)

¹ Disclaimer: These are just some ideas based on internships done by former EUS students and fields of work relevant to EUS. SCEUS accepts no responsibility for the content, application procedure and progress of the internships listed here.

² There is just a note that interns are welcome on the website. You can find more info [here](#). Note that this info may be partly outdated.

- [Austrian Institute for European and Security Policy](#)
- [Interreg Alpine Space](#) (If you apply, you will be put on the list of candidates for the next position. They usually offer an internship position twice a year)
- [ORF](#) (for German speakers, sometimes they offer internships specifically in Salzburg)
