# EVERYBODY WELCOME

## Dear International Exchange Students!

We are looking forward to introducing you to the University and the City of Salzburg! The first week of orientation will take place virtually: All information sessions will be held online. Presentations/recording held during these online sessions will be made available afterwards for reading/listening via OneDrive. Exchange students receive a link and PW to the folder by email.

Since we also, of course, want to get to know you in person, the second week will take place in person.

Participation is entirely voluntary!

### Online information events:

- By attending the online information events, you agree to a possible recording of the event.
- You can access the meeting directly via the published link. No need to install any extra applications.

### Events in person:

- The times given are the BEGINNING times of each event.
- Please arrive at the meeting points at least 5 minutes BEFORE the stated time so that the event can start on time!
- Be aware: At some events photos and possibly video footage will be taken for documentation and advertising purposes. If you would not like to appear in any photo or video, please inform the photographer directly!

We wish you all the best for your time in Salzburg!

Yours sincerely,

The Team of the Department of Global Engagement
