6. Please check the **bank details** you have provided before submitting the documents.

7. For the following fields of study, **additional credits** from external examinations that are part of the curriculum will of course be taken into account, provided that the external credits are completed during the credit period. If necessary, or if not evident from the transcript of records (without recognitions), please also submit a transcript of records (with recognitions) in these cases:

- Bachelor's degree in Molecular Biosciences
- Master's degree in Molecular Biology
- JD Bachelor's degree in Engineering
- JD Master's degree in Science and Technology of Materials

8. **Please note** -> Bachelor's degree in Biology/Medical Biology: the Bachelor's thesis does not appear in the transcript of records but is considered when calculating the ECTS credits for the performance-based scholarship. Therefore, please also submit a transcript of records (with recognitions).
9. **Recognized ÖH activities** (e.g. in the STV) that were credited in the area of free electives are not considered when awarding the performance scholarship.
10. **Master's degree in psychology – option b)** -> please submit both your academic transcript WITHOUT credits and your academic transcript WITH credits, as the latter also includes your master's thesis.
10. **Notification of acceptance or rejection** for the performance-based scholarship is expected to be sent in writing by email in mid to late **December 2026**. We kindly ask you to refrain from enquiring about the status of your application, as this will unnecessarily delay the process.
11. **Questions and uncertainties:**
